

Hazing Prevention Week

September 21-26

Canva Templates

- Use of approved Canva templates for student organizations and clubs to bring awareness and share the group's commitment to [Hokies Don't Haze](#).
- [Canva Templates include](#):
 - 1:1 In-feed posts
 - Instagram/Facebook Story templates.
- Please watch the [linked video](#) for instructions on how to add your image so that it registers in the template as black and white. The logos and text are front layers, and when done properly, they will show up in front of your image.
 - Note: In the video, the first example is done correctly, and the second example shows how when done incorrectly, your image can cover the logos and text. (*This applies only to the black & white story.*)
